

I believe that implementing a broadcast flag in the Digital TV standard would be a violation of my Fair-use rights of Time shifting material that is broadcast to me. Please stop wasting my taxpayer money on ways to reduce my rights that have been granted to me by the highest court in the land, just to benefit a few companies afraid of new technology. Last I checked my Constitution, this country still has a presumption of ****Innocence**** of all its citizens. Thank you for your time and consideration.
